**Bushy's Brewery
Peel Traditional Boat Weekend
Quick & Dirty Boatbuilding Competition
Saturday August 6th 2016**

***A test of skill, ingenuity and the ability
to survive at sea!***

THE GENERAL IDEA

The basic idea of the competition is to design and build a 'boat' with the given materials and within the time limit'. The teams then have an hour to decorate their boat before one member of the team propels it across the harbour in a race against the other teams.

There is a limit of 4 people per team. Ladies are most welcome to compete and we usually have several amongst the teams and last year we had our first all ladies entry. We would love to see another all ladies team. Children are also welcome, but must be supervised by adult team members.

RULES of the competition:

1. Building takes place between 09.30 & 15.30. Decorating (no materials provided for this) 15.30 - 16.00. Race start at 16.30.
2. Only the materials supplied can be used.
3. Only hand tools and cordless drills / screwdrivers may be used in the construction.

Entry fee of £40 per team together with completed entry form are required no later than the Wednesday 3rd August to allow the organisers time to order the materials. All cheques payable to 'Peel Traditional Boat Weekend'. The entry fee will include the event supper at the Masonic Hall.

There are two parts to the competition. One for the best design, which will be judged by our expert on all things nautical, the second being the race. Cash prizes are awarded for each part and will be donated to a charity of your choice. Trophies will be awarded to the winning teams, along with the usual case of beer.

Vehicles must not be parked on the tongue.

Life jackets or bouyancy aids must be worn for the race.

Each team must remove or destroy their boat after the event.

LIST OF MATERIALS SUPPLIED

- 2 off - 2440mm x 1220mm x 4mm Plywood
- 2 off - 25mm x 150mm x 2440mm Timber
